ProductionEvents

Production Packages

Events with **HD Images.**

An Overview.

With 6 years of experience in filming productions within theatres around the country, we can create a production package that will suit your needs.

From capturing the event with multi-angle setups to backstage footage, interviews and candid footage surrounding the event, we can make your production look amazing. All shot in full HD on broadcast quality cameras at affordable prices. We specialise in creating a complete package, including (if needed) bulk orders of custom designed DVD's for re-sale or distribution.

Help us bring your production to a wider audience by capturing and creating a visual product ready to display to the world.

Production & Events.

Small Production Package

With a dual camera setup and capture of the event and the days proceedings, this package is designed for simple but very effective capture of your event. Suited for awards shows or events with static speakers or items, we can create an amazing product at a very affordable price.

Full Production Package

With a multi-camera setup (3+ kits) and complete coverage of every aspect of the event, all mixed into an amazing showcase that will leave viewers wanting more. This package is ideal for large scale productions or events with multiple locations or items happening throughout the day. Shot in Full HD on Broadcast quality camera's that footage can easily be used for TV sequences or for DVD or Blu-Ray distribution. We can create a tailor-made production package to capture the essence of being there live at your event.

Production Graphics

If its award nomination sequences, motion section titles and introductions, we can produce motion graphics or sequences for those big screens at your event. Need to advertise or promote something at your event, let us create your vision on the big screen for all in attendance to see. Attention grabbing and entertaining are the key elements that will only enhance your production, making it a more enjoyable and memorable occasion.
